### Data Protection

Ryedale Voluntary Action uses the VCS Common Database (ThankQ) to maintain its records of voluntary and community organisations and other relevant contacts. The common database was developed by all the Local Support and Development Organisations (LSDOs) working in York and North Yorkshire to improve the delivery of our services and support. The database is used to: compile mailing lists for circulating LIO newsletters, training, events etc and administer events, training and services e.g. membership, networks, and activities. The database is not accessible to anyone outside of the LSDOs.

Please ✓ the following box to agree that you are happy with your details to be used as stated:

1.  I would like to be included on LSDO mailing lists (postal and email) e.g. NYF and Ryedale Voluntary Action, to receive relevant voluntary sector information on for example funding, training, legislation etc.

By signing this form you are agreeing that this information can be included on the Common Database.

*Once you have given your permission you will not have to give separate permission to any individual organisations within the LSDOs, they will all be bound by the permissions given here, and comply with the Data Protection Act 1998.*
